

SUGGESTED PSYCHOLOGISTS

An intellectual assessment is required for admission. Please contact one of the psychologists below, or any other qualified tester you may choose, to arrange the administration of a Wechsler Pre-School and Primary Scale of Intelligence (WPPSI-III) or the Wechsler Intelligence Scale for Children (WISC IV), depending on the age of the child.

When contacting the psychologist, please ask for a description of the evaluation and an explanation of how the assessment can be helpful to you in choosing a school for your child. We strongly encourage parents to schedule a conference with the psychologist to go over the results.

Fees for the WPPSI and WISC vary. If you have any questions about this process, please call the Admission Office at 504.861.3743.
